In the news release, "Peabody Energy Declares Dividend of \$0.06 Per Share," issued earlier today by Peabody Energy over PR Newswire, we are advised by the company that the headline should read as "Peabody Energy Declares Dividend of \$0.06 Per Share Revised Record Date." In addition, we are advised by the company that two sentences should be added to the end of the first paragraph following the last sentence as follows, "The cash dividend record date has been revised to accommodate New York Stock Exchange rules related to settlements for spin-offs. The Patriot Coal spin-off record and distribution dates remain unchanged."
