

Statement Regarding Accident at Kayenta Mine

PR Newswire
ST. LOUIS

ST. LOUIS, Feb. 11, 2011 /[PRNewswire](#)/ -- An employee of the Kayenta Mine in Arizona was fatally injured this afternoon as the result of an incident between a service truck and a piece of road maintenance equipment at the Kayenta Mine. The mine was immediately shut down for a full investigation, and the appropriate tribal, state and federal officials have been contacted. The incident is under investigation by mine officials and the Mine Health and Safety Administration.

We mourn the loss of a fellow employee, and we express our deepest sympathies to family members and friends.
